

Commonwealth of the Northern Mariana Islands
Office of the Governor
HOMELAND SECURITY AND EMERGENCY MANAGEMENT

Honorable David M. Apatang, Governor
Honorable Dennis James C. Mendiola, Lieutenant Governor

Clement R. Bermudes, Special Assistant

For Immediate Release

**April 17, 2026
2:00 PM (Chst)**

**For Saipan, Tinian, and Rota
“All Clear” Declared at 2:00 pm on April 17, 2026
All Public Beaches Remain Closed Due to Hazardous Surf**

**For Northern Islands
Typhoon Condition I is Maintained**

(CNMI Office of the Governor) - As Typhoon Sinlaku moves away from the CNMI, the “All Clear” for Saipan, Tinian, and Rota has been declared as of 2:00 pm, April 17, 2026.

Typhoon Condition I for Saipan, Tinian, and Rota has also been canceled. The *cancellation of conditions* means that damaging winds associated with Typhoon Sinlaku are not expected. **Residents, however, should maintain precautionary measures for strong gusty winds and heavy rain showers associated with feeder band activity.**

Hazardous marine conditions, especially dangerous, deadly surf and coastal inundation/run-up along the west-facing shores, remain a significant threat. Despite the “All Clear” being declared, **beaches remain closed until further notice due to hazardous sea and surf conditions.**

Residents are advised to remain at home unless necessary and to stay off the roads and streets to allow emergency crews from the CNMI Department of Public Works, the Commonwealth Utilities Corporation, and other critical infrastructure agencies to perform island-wide assessments, debris clearing, and repairs.

Stay Informed

The Office of the Governor advises the community to keep a close watch on official updates relating to weather forecasts and stay informed on the latest statements and advisories which will be available through official channels (listed below) and media partners.

Again, this is an evolving situation. Typhoon Sinlaku continues to move away from the CNMI, but the strong winds and passing showers will linger a while longer. The CNMI Office of the Governor and CNMI HSEM will be monitoring the movement of the storm, continue to consult with the National Weather Service and other agencies, and will provide updates when available and when appropriate.
