- Lost or damaged while evacuating or because of the disaster
- Not refilled before disaster
- Lost or damaged at evacuation shelter

You are ineligible for the EPAP if you have

- Individual health insurance policy
- Employer-sponsored coverage
- Medicare
- Medicaid
- Other third-party coverage

If EPAP is activated in your area after a disaster, follow these steps for help:

- Make sure you qualify for EPAP
- Find out if your prescription or medical supplies are covered by EPAP
- Find a pharmacy participating in EPAP
- Give the pharmacy your medical information

## **EDUCATION**

NO CHANGE FROM PREVIOUS SITREP

### CNMI Public School System

- Schools Closed/Open: All Public School System schools and Head Start/Early Head Start centers remain **closed**. Site assessments ongoing. After all assessments are completed, the next phase will be emergency repairs and debris removal. Some schools and centers remain activated as designated community shelter sites.
- **Tentative Reopening Date: None as of April 23, 2026.**

### Northern Marianas College

- Northern Marianas College (NMC) has announced that the Spring 2026 term is **ending early in response to the ongoing recovery from Super Typhoon Sinlaku**.
- To further support students during these challenging times, NMC has activated a dedicated student hotline: (670) 285-2059/7651 available from Monday to Friday from 8:00 a.m. to 5:00 p.m. WhatsApp messaging is an available option as well. ## **AIRPORT & PORT OPERATIONS**

### **Saipan International Airport**

Status:

- Daily (daylight) flights available on United Airlines, Micronesian Air Cargo/Connection Services (MACS) and Star Marianas Air (SMA) between Guam, Saipan, Tinian and Rota only. The Airport has no power and is powered by a generator. Limited running water.
- Airport Runway Assessment: Due to damage to navigational aids (navaids), flights are limited to DAYTIME operations only. Federal Aviation Authority (FAA) representatives are on-island to assess the damages to the navaids and the Air Traffic Control Tower. Parts are on order but may take time for it to arrive on the island.
- Additional assistance is being provided by staff from the Guam International Airport Authority to assess the apron and taxiway lights, runway signs and miscellaneous items around the terminal buildings.
- Loading Bridges (Jetways): All six bridges sustained damage, however, Jetway #2 is now operational. Jetway #6 is being repaired now. Two stair-carts will be used as a backup; increasing our enplaning and deplaning to three.
- Perimeter Fence: The perimeter fence line repairs are at 45% complete. Phase 2 is to fabricate chain link gates for all three (3) terminal gates.

Flights:

- United Airlines resuming daily Guam service (effective April 23, 2026)
  - Arrival: 8:50 AM
  - Departure: 9:55 AM
- MACS and Star Marianas Air (SMA) operating daytime commuter and cargo flights
- Additional airline partners pending confirmation

Capacity & Operations:

- Flights limited to daytime operations only (due to damaged navigational aids)

- All non-essential service fees are temporarily suspended during the recovery period

### Traffic Safety Notice for Saipan

Due to dark intersections and non-functioning traffic signals, motorists are advised to follow these guidelines:

- Complete Stop: Come to a full stop at all intersections
- Right of Way:
  - First vehicle to arrive proceeds first
  - If arriving at the same time, yield to the vehicle on your right
- Left Turns: Yield to oncoming traffic unless you have established the right of way
- Reduce Speed: Slow down well in advance of intersections
- Stay Alert: Treat all non-functioning signals as a 4-way stop
- Use Signals: Clearly indicate your driving intentions

### Pedestrian Safety

- Exercise extra caution, especially at night
- Be aware that street lighting may be limited or unavailable

### Security Operations

- Routine patrols are being conducted at FEMA generators located at water well sites.
- These patrols are aimed at preventing tampering and safeguarding critical infrastructure essential to water distribution.
